## HOW XMAS SEAL MONEY IS SPENT

Eighty Per Cent in the Locality Where Funds Are Raised—National and State Associations Also Receive Share.

So many people are asking how the money which they will give or have given toward the present tuberculosis campaign and the sale of the little Red Cross Christmas Seals is to be spent that The Freeman herewith publishes the official statement in answer to those queries:

**How the Money is Spent**  
The money raised in the Christmas Seal campaign will be divided according to a sliding scale which will be approximately as follows:

80 per cent to the locality where the money is raised

10 per cent to the work of the tuberculosis committee of the New York State Charities Aid Association.

10 per cent to the work of the National Tuberculosis Association.

The money used locally is for the prevention of tuberculosis along lines which have proven effective in the past. The program includes visiting nursing, dispensaries, the cultivation by school children of health habits, promotion of the open-air schools, industrial hygiene, occupational therapy, free expert medical examination and advice for persons unable to pay for them. Local associations keep the facts regarding the nature, treatment, transmission and cure of tuberculosis before the public by all established means of health education.

The tuberculosis committee of the State Charities Aid Association, in co-operation with the state department of health, is engaged in organizing, co-ordinating, unifying and giving leadership and direction to the tuberculosis movement in the state, exclusive of New York city.

The National Tuberculosis Association gathers the best scientific data from all over the world, makes it available to the medical profession, and tuberculosis workers throughout the country, and promotes enterprises of nation-wide scope and value.

Through the local, state and national plan of organization, the battlefront is solid. One county need not fear its work will be negated by a laggard neighbor. All counties, all states, are going forward together.

Tuberculosis is preventable and curable.

It kills 150,000 persons in the United States each year.

More than 6,000 persons died of tuberculosis in New York state, outside of New York city in 1918.

Many of these lives were lost through preventable ignorance, carelessness and neglect.

The Red Cross Christmas seals will help eliminate these evils.

**Van Aken Case Recalled.**

A murder case was completed in Troy Wednesday which recalls the Van Aken case. The case has attracted much attention because of the clash of opinion between Dr. Otto Schultze, medical assistant to the district attorney of New York city, and Chief Medical Examiner Charles E. Morris.

Dr. Schultze was one of the principal witnesses for the prosecution in the Van Aken case. Similarly to the Van Aken case, the defendant, Michael Tier, was charged with the murder of his wife. She was found just outside her home on May 4th last. Dr. Schultze was retained two days later and came to the conclusion that she had been strangled. He expressed a similar conclusion in the Van Aken case. After hearing the evidence, Judge Mulgrew directed the jury to bring in a verdict of acquittal and the defendant was discharged.

## NO ENTRY FEE TO FARM BUREAU FAIR

Considerable interest is developing in the Farm Bureau fair, which is to be held at the state armory at Kingston, December 5th and 6th. To clear up any question that may be in the minds of exhibitors, the committee in charge of the fair calls attention to the following statements:

1. Entry fees are not required.

2. 1st, 2nd and 3rd premium ribbons will be awarded but no cash prizes.

3. All exhibits should be at the armory not later than 10:30, Friday, December 5th.

4. Poultrymen who do not have show coups should notify the Farm Bureau office of their entries, before December 4th, in order that the committee may have the coups ready.

5. Articles exhibited should bear variety name and the name of the exhibitor.

6. Exhibitors may take down their exhibits, if they so desire, after 9:30 p. m. of the 6th.

7. Exhibitors who desire their exhibits returned but are unable to take them down Saturday night should leave directions for mailing with one of the committee in charge at the armory.

8. Admission to the armory is free on both days.

The following committees are in charge of the Farm Bureau fair:

**Poultry Committee.**

R. D. Ogle, chairman.

N. C. Van Ethen, Kingston.

**ESOPUS.**

Esopus, Nov. 28—Rev. George W. Budd will preach his Thanksgiving sermon next Sunday evening, November 30, in the M. E. Church. It was decided not hold the service on November 23, on account of the evangelistic meetings being held.

Percy M. Mott has purchased of Hasbrouck Freer the large lot and buildings on the southeast corner of Main and West streets in this village. Mr. Mott will have the frame building which was formerly used as a store on the first floor with living apartments above, removed and in its place will erect a 44x50 foot garage.

William J. McLain will have contract to erect the building which will be of stucco. Mr. Mott's many friends wish him success in this new branch of his already thriving automobile business.

Miss Loretta Ellwanger and Miss Bertha Riccaforte were home for Thanksgiving Day.

Mr. and Mrs. Herbert G. Ashton arrived from Brooklyn on Wednesday to be with Mr. Ashton's mother, Mrs. E. Ashton, for Thanksgiving. They will remain until Sunday afternoon.

William J. McLain has taken out his hot air furnace, which he has used during the past twenty years, and installed a new "Round Oak" model.

WHAT HAPPENED NOVEMBER 20, 1914

Russians attack Germans near Lodz; German armies, split but not surrounded, fight desperately. Field Marshal von der Goltz German Military Governor of Belgium sent to aid Turkish military operations; General von Bissing named as new Military Governor of Belgium. Germans raise siege of Ypres; abandon flooded trenches on the Yser relieving pressure on the city.

Blizzards in Balkans hamper operations of Teutons; Austria prepares to crush Montenegro and Bulgars to take Monastir; Monastir not yet attacked but evacuated by civilians. Field Marshall Earl Kitchener visits Paris on journey from the east; will attend war councils of Allies in French capital. Kaiser William of Germany in Vienna; confers with Austrian Emperor and Archduke. Ford hopes troops will start strike; seeks to foster general strike of soldiers on Christmas Day. Austrians in counter stroke northwest of Gorizia penetrate Italian trenches; have also gained more ground near Monte San Michele. British in Mesopotamia driven from Ctesiphon; General Townshend's force in orderly withdrawal before Turkish reinforcements. Canada will pay \$1.04 for wheat; fixes price for best quality wheat seized.

General von Falkenhayn's forces take Pitecht in Rumania; defenders retreat in disorder. Russians advance in the Carpathians in effort to bring

aid to the Rumanians. Admiral Jellicoe appointed First Sea Lord of the Admiralty; Vice-Admiral Beatty will command the grand fleet. U. S. government protests against Belgian deportations. Greek Council supports king in refusal to surrender army's guns and ammunition to the Allies; Germany protests the expulsion of their diplomatic envoys from Greece.

Interallied conference meets in Paris; fifteen nations join; Admirals Sims and Benson, Generals Bliss and Pershing and Colonel House present; Premiers of Britain, France and Italy represent their nation. Supreme War Council will meet after Interallied Council; Britain, France, Italy and U. S. the only members; to be a permanent body. German Chancellor von Hertling in speech to Reichstag offers parley to Russia; expresses hope for peace. Marquis of Lansdowne, British statesman in public letter urges Allies to restate war aims; revives attacks on cabinet.

President Wilson announces he will head peace delegation, Lansing, House, White and General Bliss other members. Kaiser and Crown Prince of Germany formally abdicate; prompt response to Berlin request. Premier Lloyd George of Britain urges trial of Kaiser William; would punish Germans guilty of inhumanity. Ten months needed for return of American troops; problems of demobilization considered. Austrian casualties for war 4,000,000; 800,000 killed.

## ELLENVILLE.

Ellenville, Nov. 29.—Thanksgiving services were held in St. John's Church conducted by the Rev. H. P. Hobson, rector of the church, at 10.30 a. m. Union services were held at the Reformed church in charge of the pastor, the Rev. W. S. Mames. The sermon was delivered by the Rev. Charles A. Dann of the M. E. church. The offering went to the Industrial Home at Kingston.

Mrs. Mark Horton, Jr., entertained the ladies of the Lutheran Church Sewing Circle at her home on Center street, Tuesday afternoon. Following an hour or more at sewing the hostess served delicious refreshments, which were enjoyed with a social intercourse.

Mr. and Mrs. Otto Johnson entertained for the Thanksgiving holidays their son, Peter Johnson, and family, of Port Jervis, Arthur Johnson and the Misses Emma and Augusta Johnson of New York.

George Krom of Newburgh and Edward Duggan of Pompton Lakes were home for Thanksgiving.

Mr. and Mrs. Joseph Richards of Woodbourne spent several days in Ellenville looking over property interests with a view of purchasing and coming here to reside.

William Hasbrouck has about completed a fine up-to-date home near the Cahill boarding house at the West End, which he and his family are to occupy. His brother, Andrew Hasbrouck, who did the stone work, has produced some fine architectural results in native stone, using blue and white rock, which result is one of the most beautiful porches to be found in this locality.

It is understood there has been a tannery erected on the old Heroy place on Greenfield road, which will be in a position to do tanning in the near future. Credit is due Mr. Silverman of Ellenville for the enterprise.

William Carman of New Haven, Conn., and Miss Mildred Carman of New York spent Thanksgiving at the Carman home on Liberty street.

John Russell of Pompton Lakes has been spending some days in town.

Frank V. Sanford is arranging to go south this year, about December 15.

The Ellenville banks are installing an electrical device intended to give alarm of intended robbery.

Charles Weiss has been spending several days in New York.

Miss Estelle Eckert and Miss Mabel Wilklow have returned from a visit with relatives in New York city, guests of their uncle and aunt, Mr. and Mrs. Thomas Eckert.

William C. Parselle is home for the Thanksgiving holidays.

Miss Anna Peterson, one of the high school teachers, spent Thanksgiving with her parents at Poughkeepsie.

At the September meeting of the local W. C. T. U. a unanimous vote was taken protesting against open saloons during war time prohibition.

At a recent meeting of the Woman's Club a similar vote was taken and was sent to the village trustees asking them to take some action on law enforcement, and the W. F. M. S. at a recent meeting voted to request the village trustees to take necessary measures to see that the law of the land prohibiting the sale of intoxicating liquors be respected and enforced in Ellenville.

Kelth and Miller have sold their laundry business to Havendorf &

Company of Brooklyn, who are to take possession on December 15.

The annual meeting of the Ulster County Agricultural Society will be held at Firemen's Hall on Monday, December 1, at 3 o'clock. Everyone interested is urged to be present at this meeting.

The annual supper and sale of fancy and domestic articles will be held in the Reformed church parlors on Tuesday, December 2, from 5 to 8 o'clock. A pleasing feature of the affair is that the ladies who are famous for chicken suppers, are to serve turkey this year with all the good things that go with it. A pleasing program will be rendered during the evening.

Mrs. L. B. Tenney has recovered from her illness and was able to perform her duties as organist of the Reformed church on Thanksgiving morning. There was a large attendance at the service.

At Christ's Lutheran Church on Sunday, the pastor, the Rev. G. M. Ketnoi, will preach at the morning service. Theme, "The King Cometh." At the evening service, Holy Communion will be served.

Bert Cornelius served at his restaurant on Main street on Thanksgiving Day a fine turkey dinner, which received liberal patronage of the townspeople. Several family parties were served and one and all were loud in their praise of this fine home cooking restaurant.

Local schools reopen on Monday. The members of the junior class are engaged in preparing for their circus and hippodrome, which is to be the event of the season. The program is to be announced. The senior class has purchased memory books in which to record all events of the class. The local high school basketball team will play the Port Jervis team at Northville Hall Friday evening, December 5. This game is expected to be the event of the basketball season. A preliminary game between teams of junior and senior high school boys before the regular game. Dancing to follow.

## WEST SAUGERTIES.

West Saugerties, Nov. 28.—Mrs. Sarah Post has moved to Kingston. Her daughter, Mrs. Peter Myer of Kingston spent a couple of days with her helping to get her things ready.

Mrs. Dick of Kingston, was the guest of her daughter, our teacher, at her boarding place with Mrs. Fred Cole. While there they received a telephone call telling them that Miss Dick's friend, Mr. Emerck, was badly hurt in New York, so they left on the early morning train on Friday.

Mrs. Fred Cordes is home again after a two weeks' vacation in New York city.

The men are moving the second of the Brown houses from the grounds owned by the Saugerties water commission. After all the houses are moved there will be quite a stretch of ground which could be made into a very pretty park by the addition of some flower beds and a bench here and there, which would add to the attraction of an already pretty place.

John Cole of Saugerties is here getting ready to resume work at Mr. Schenck's lumber camp.

Hobart Bach has gone to Poughkeepsie where he has obtained work.

Minnie Elyan who has been visiting her sister, Mrs. Ed. Hummel, since last spring has returned to New York city.

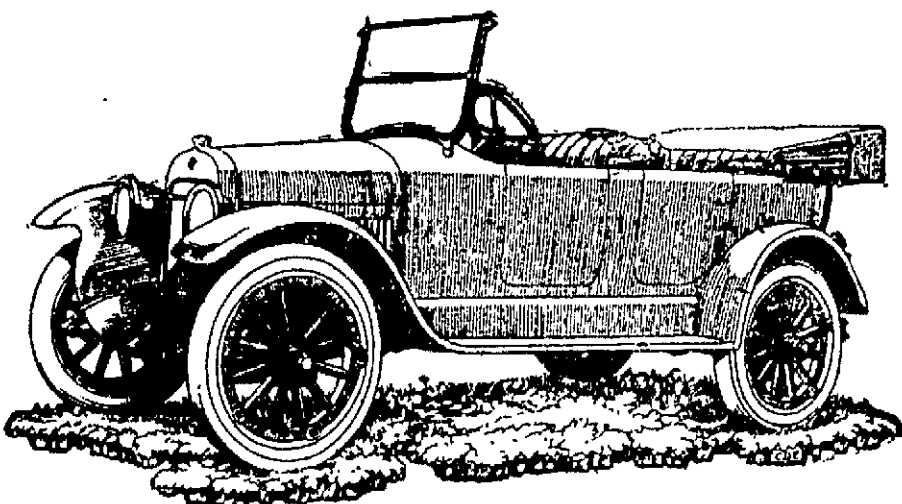

Mrs. Emily Myer has returned to her home after a week's visit with her son, Peter and wife.

The West Saugerties Hall Association reorganized and elected Fred Cole, president; Peter C. Myer, trustee for three years; Peter N. Myer, for two and Mamie Osborne for one year; James W. Cole, secretary and treasurer.

Mrs. Fischer spent a day with her daughter and family in Saugerties last week.

Fred Cole, Ed. Hummel and some others can compare the weights of their respective dead pigs, as pig killing is the order of the day.

Mr. Lybe spent a day last week in Saugerties.

To make the Maxwell light  
they used the quality steels

THE story of Maxwell is a story of metallurgy. This great science makes possible a 1960-lb., 109-inch wheel-base, 25 h.p. car, whose common denominator is Quality.

It has made possible a vehicle weighing but 1960 pounds itself to carry 750 to 1000 pounds of human weight a distance of 100,000 miles or more—to carry it at low cost and to carry its 5 passengers in comfort.

This is about 2 to 2½ pounds of vehicle weight for a pound of "human freight."

When you stop to compare weight for weight with other cars, and size for size you will quickly realize that the Post-War Maxwell takes a leading rank on the subject of light weight.

But this light weight of the Post-War Maxwell is not a matter of "trimming the weight," but a matter of metallurgy.

The use of this science in building 300,000 previous Maxwells has developed lighter but stronger steels, and that is one reason why the Post-War Maxwell has caught the public fancy as few cars in recent years have done.

The demand is in excess of 140,000 for the current year. Only 100,000 can be built.

Therefore, an early visit to look over the Post-War Maxwell may save disappointing days later on.

Price, \$985 f.o.b. Detroit.

## SWAMPED AGAIN BY ADVERTISING

There are Limits to the Amount of Work That Can be Done in a Given Time—Therefore, Extend the Time.

Seven advertisements, to occupy a total space of about nine columns, were omitted from The Freeman Friday evening for the reason that it was impossible to set them in time to arrange the extra space in the paper required to contain them. The Freeman is not throwing away business; neither is it discriminating between patrons. It just could not handle all the advertising offered. This condition will arise again, not only on Fridays but on other days. The only way to avoid having advertising omitted is to deliver the

copy, especially that for large or difficult advertisements, as early as possible on the day before they are to be inserted. Then there is an opportunity to work overtime on them. The Freeman is glad to pay for overtime and its employees are willing to work additional hours in order to serve its customers, but it is plain that this is of no avail unless copy is furnished in advance. Every afternoon there is a slack period that can be utilized in preparing for the next day's paper if copy is on hand.

Why doesn't The Freeman add to its equipment? The order for additional machinery was given long ago, but the date of delivery is uncertain. Manufacturers of printing machinery are far behind in making deliveries and will make no promises.

The Freeman loses money every time an advertisement is omitted. The Freeman does not like to lose money. But it cannot do the impossible. Just remember that, Mr. Advertiser, and try to help yourself as well as The Freeman by sending your copy in the day before.

### The Salvation Army.

Tonight will begin a series of special meetings to be held each Saturday at the Salvation Army hall on North Front street. The Rev. George M. Cranston of the Clinton Avenue Methodist Church will give an evangelistic talk tonight. From the fact that there are so few religious services conducted at this time on Saturday night there will no doubt be a good crowd.

### In Quite Too Many.

Speech was given man to conceal his thoughts, but it was a needless precaution in many cases.—Boston Transcript.

John G. Masaryk.

John G. Masaryk, son of the president of the Czechoslovak Republic, who arrived in New York several days ago aboard the liner Adriatic, Mr. Masaryk will assume his duties as Charge d'Affaires of the Czechoslovak Legation in Washington until the Minister designate, Dr. Stepanek, arrives in this country. Dr. Charles Berger, the present Minister from Czechoslovakia, has been transferred to Peking, China. Mr. Masaryk has been in this country before, having spent six years here.

### FLEISCHMANN'S WINS.

Fast Game From Oneonta as Captain Barrett Stars.

The Fleischmanns high basket ball team turned tables on the Oneonta Five Spots at Fleischmanns Saturday evening, trimming them in a fast game by the score of 27 to 18. It was one of the fastest games witnessed in several years. Barrett and Shaver, Fleischmanns forwards, were the stars of the game, Barrett caging five field goals in the last half. The Oneonta boys are a fast team, but were never given a chance to get the lead by the Fleischmanns' teams clever playing.

The Oneonta boys expressed their appreciation of the fine spirit shown by the Fleischmanns team and crowd and also a desire to play Fleischmanns whenever the opportunity affords it. Each team has won a game and so in the near future a game will be played in Fleischmanns to decide the championship. Friday Fleischmanns will journey to Kinderhook near Albany, where they will meet the Kinderhook Five. This team was under Prof. Clark six years while he was principal at Kinderhook. A fast game is assured, with Fleischmanns confident of victory. The Oneonta game follows:

### LATTINGTOWN.

Lattington, Nov. 29.—Mr. McGowan and family intend moving into their lately purchased farm residence before long.

Mr. and Mrs. A. Mackey and John Wolley and his sister, Miss Etta Wolley, have returned from their journey to Washington, D. C., and to various towns south. The trip was enjoyable.

Mrs. L. W. Craft's daughter, Jean, is ill. Dr. Preston of Highland has been in attendance.

James Weed and Michael and Richard Dowd have had furnaces put into their residences by a Highland firm.

Lloyd Wyant attended his sister's wedding in Hudson city.

It is reported that Charles St. John is to move to Newburgh to work on the shipyards. He has worked for the Wolley family for a long time.

John and Wilbur Mackey of Poughkeepsie were in town Sunday last.

Last week Mrs. Charles Tabor of Milton was in town collecting funds and getting signers for the Red Cross.

Edward Fowler of Marlborough has been threshing grain for James Weed, W. L. and H. V. Mackey and others and now is on his way to Highland.

The community Sunday school fair, it is hoped, will be a success, for the ladies, teachers and pupils are working hard for it. There is to be speaking, dialogues and singing. It is to be on December 4, afternoon and evening.

Coal has come again to Marlborough, but it goes out in a day or so. Those who have not drawn in the summer are now getting all the coal they can.

The Chautauque "doings" held in the Methodist Hall in Marlborough were a great success. It comes another year.

Sunday, the Rev. Mr. Blakeney started a series of revival meetings in the Milton M. E. Church to be held two weeks, and the Rev. Mr. Knapp, of the Methodist Church, Marlborough, is soon to begin a series of revivalistic meetings in the new church.

L. W. Craft has had his car repaired and painted.

Skins of skunks bring \$5.00 apiece in this vicinity.

Doesn't make any difference how speedy that car of yours is—its speed can be increased with the New Stromberg Carburetor.

In doubt? All right—figure it out for yourself. Speed comes from power. Power comes from fuel—from gasoline. Before the raw material can be turned into power it must be converted into gas. The better the carburetion the greater the speed.

Carburetion depends upon your carburetor. The better the carburetor the better the carburetion—and so on down the line to greatest speed.

We claim and we know that on any car, of any size, the New Stromberg will convert fuel into its most usable and mightiest form. We know this because the New Stromberg holds the world's record on virtually all makes of cars—from Fords to the most costly and most powerful.

We are ready to back up our assertion with a ten day free trial on your machine. If the New Stromberg does not increase speed—increased power—give easier starting—better acceleration—and give it to you at a lower cost, the trial costs you nothing.

Put it to a test. No matter what you think. Get the evidence. Decide whether you want and whether you need a New Stromberg—after testing it for ten days on your car.

Drs. Hatfield, Lyman and White

Three eminent American tuberculosis specialists returned to this country recently from Europe to sound a warning against the spread of tuberculosis in this country. They went to Europe as representatives of the National Tuberculosis Association to the meeting of the British National Association, held in London on October 15. They declared that the entire nation's energy is needed to halt the spread of the disease which made rapid strides in this country and in Europe during the years of the war. They told of the plans which are being rushed through by Great Britain and France in the fight against the white plague. The returning physicians, from left to right in photo are Dr. Charles J. Hatfield, managing director of the association and executive director of the Phipps Institute, Philadelphia; Dr. David Lyman, of the Rockefeller Institute, and Dr. William C. White, of Pittsburgh.

## CREDIT GOES TO PROF. G. H. MULLER

His Unfailing Efforts Have Made  
Symphony Orchestra a Success—  
Began First Rehearsals Eight  
Years Ago.

At the last Popular Symphony Concert, given last Sunday afternoon, there were two very youthful musicians in the orchestra whose enthusiastic performance and careful following of Conductor George Muller's baton, called forth much favorable comment from the audience. Yet few knew or realized that three or four of the young men playing in the orchestra as full-fledged and accomplished orchestral performers, had started in the Symphony Orchestra several years back, and had received their entire training from Conductor Muller, who has by his personal efforts, painstaking instruction and encouragement done so much to build up and develop our present orchestra.

The Kingston Symphony Orchestra, first began its rehearsals in 1911 and gave its first concert, under Mr. Muller's leadership in 1912. As a result of the years' work since that time, practically every musician in the Symphony Orchestra, with the exception of the present out-of-town musicians now augmenting the various orchestras in the city theatres, etc., has been a student of Mr. Muller's in the Symphony Orchestra, and as all of that remarkable educational work has been done purely for the love of good music, with the hope of spreading a knowledge of the same throughout this central Hudson valley, without remuneration by Mr. Muller, it seems but fair that this fact should be known by the new-comers in our city, as well as brought to the minds of us who have known it but may have come to take all this effort for granted.

Musically, Kingston and this whole neighborhood will always be deeply indebted to George H. Muller, founder and instructor and conductor of the Kingston Symphony Orchestra.

### CERTIORARI TRIAL ENDS.

Briefs in West Shore and Walkill  
Valley Case December 30.

The trial of the certiorari proceedings of the West Shore railroad and the Walkill Valley railroad has been completed before ex-Congressman McClellan, the referee. Many hearings have been had and much testimony given by each of three parties to the proceeding during the several years the trial has lasted. It was adjourned on Wednesday to December 30th, when briefs will be submitted.

The West Shore and Walkill Valley railroads have been represented by Amos Van Etten, the latter, Delaware railroad by Judge Cleveland, and the city by Corporation Counsel Brinier and Mayor Canfield.

## REISLER BOXES YOUNG JEFFRIES

Tuesday at K. A. C. Smoker in Griffith's Hall—Reisler, a Son of John the Barber, One Time Manager of Champion Jack Dempsey—Other Bouts.

The fourth smoker of the Kingston Athletic Club to be held Tuesday evening at Griffith's Hall on lower Hasbrouck avenue, promises to be a hummer, and the club has arranged a boxing card that will appeal to all boxing fans.

The star bout of the night will be that between Johnny Reisler of New York and Young Jim Jeffries of Newark. The club officials received a telegram this morning that Reisler will surely be here that evening. Johnny is a son of John the Barber, who at one time was manager of Champion Jack Dempsey, and is a corner in the fighting game. He has appeared in Poughkeepsie where he made a decidedly favorable impression with the fans.

Those who have attended the preceding smokers of the local club know what Young Jeffries can do with his fists. He fought two fast draws with Willie Rose at the second and third smoker, and he will make Reisler step some in order to secure a decision. They will go six rounds.

This one bout alone will be worth the price of admission, but there will be some other fast bouts on the card. Al Cook of Newark meets Willie Rose of Newburgh, and Young Mickey steps six rounds with Ray Lucas of Schenectady. There will also be local boys in the prelims.

James V. Brienza, the premier announcer of Newark, will announce the various bouts. He made a hit at a recent smoker. There will also be seats for everybody, as the club has purchased a large number of chairs. The bouts will start promptly at 8:20 o'clock.

Tickets for the bouts may be obtained at the usual places.

### Sweet Bells in Tune.

A most attractive musical service will be held in the St. James Methodist Church on Sunday, Emil Closs, the Swiss hand bell ringer, so well and favorably known in Kingston will render a remarkably fine program of sacred music, selections old and new, selections that people love hear. There will be single bells, and double bells; big bells and little bells, all ringing out there sweet gospel music. Mr. Closs will be accompanied by George W. Herges, Dr. Baragwanath, the pastor, will make a brief address on the subject, "The Book of Books." Mr. Closs and Mr. Herges will give a unique entertainment in the Sunday school room on Monday evening for the benefit of the Epworth League. The following Sunday night Congressman Hobson of Morrisville fame, will speak at a great mass meeting.

### SOME PAITZ GINGER.

Lally Invents Drink With a "Kick"  
To It.

Another new concoction containing a "kick" like that of the proverbial army mule was brought to light in the city court today by John Lally, an employee of a barrel factory near New Paltz, who was arraigned before Judge Conger and sentenced to pay a fine of \$10 for public intoxication, says the Poughkeepsie Star.

Lally said that he had found that "near beer" was pretty weak and had decided to put a little life into it by adding a quantity of Jamaica ginger. The result of his experiment was that he was brought to the police station last night helplessly drunk. When searched a bottle of Jamaica ginger which contained 93 per cent alcohol was found on his person, the police say.

The search which was made of the prisoner's person when arrested failed to reveal the fact that he had a large roll of bills concealed in a

tobacco pouch fastened to his under-clothing. He dug down into this sub-treasury and extracted a crisp \$10 bill with which he purchased his liberty.

### Why the Moon's Phases.

The light of the moon is due entirely to reflection of the light of the sun, and the different phases of the moon to its position in relation to the position of the earth and the sun. When there is a new moon, half of the surface of the moon is illuminated, but the greater portion is turned from the earth and only a delicate crescent appears to us. At the first quarter, half of the illuminated surface is turned toward us, and at the fifteenth day the moon reaches a point in the heavens directly opposite to that which the sun occupies. She is then in opposition, and the whole of the illuminated surface is turned toward us, and we have a full moon. From opposition the moon passes on in her orbit, gradually decreasing in size, or rather less and less of the illuminated part being turned toward the earth.

Mr. and Mrs. Charles Rantsch, INDEPENDENCE.

Sergeant Charles Rantsch, of Independence, N. Y., severely wounded in the tremendous American drive through the Argentine Forest, kept his blanket when he was discharged, and will be married, said wounded he was returned to this country as a casual last March. Several days ago he was given his first furlough from an army base hospital in New York and immediately upon reaching home sent for his sweetheart. There followed a whirlwind wedding. When the ceremony was performed the bridegroom carried in his pocket a plate of his hip removed in a recent operation.

The Right Battery  
for YOUR Car

Every car needs a certain particular type of battery to fit the other electrical equipment the car builder put on it.

Don't go to some one who'll sell you "any old battery"—because he hasn't your particular size and type in stock. Come to the Authorized Willard Service Station where we carry a complete stock, and can sell you the one battery that your car needs.

And remember—Willard Batteries with Threaded Rubber Insulation last longer and need less repairs than any other you can buy—because the insulation lasts as long as the plates, instead of wearing out and making re-insulation necessary before you have had the full service you should get.

**A Senator's Lunch.**  
Being addressed by a smiling head waiter as "Senator," means nothing to the ear life of Senator McCumber of North Dakota.

Instead of dining at the senate restaurant, where senatorial dignity and stinging white-aproned waiters predominate, when night sessions prevent him from going home, the senator repairs to a nearby cafeteria, collects tray, napkin, knife, fork, spoon and other implements of table warfare, settles his liver and beam and other seasonal delicacies on the tray, walks over to a table and lays out his spread.

## More Power

Before your car runs dry you provide more gasoline, for otherwise it will lack the power to give the service you require and will stop.

Your Telephone Company is like the automobile in this respect. It cannot give proper service unless it has the financial power to operate efficiently. It gets that power from the rates you pay for the service rendered.

Today, with all materials used in telephone construction and maintenance costing much more and with wages largely increased so as to enable workers to cope successfully with the high cost of living, the Telephone Company must have more financial power. Otherwise it cannot continue to provide the sort of telephone service needed by this community and by every individual telephone user of it.

To secure added "power" we have established new telephone rates effective December 1, 1919. They are reasonable rates, in fact, they are far lower than might be warranted in view of the heavy increases in the cost of telephone construction, operation and maintenance. They are established for the best interests of everyone, community, individual, telephone company and telephone worker.

General Fournier—faced court martial

General Fournier, commander of the French garrison at Maubeuge, which capitulated during the sweep of Von Kluck's forces toward Paris at the beginning of the war, appearing before the Court of Inquiry in Paris, which is investigating the surrender of the fort. General von Schell, of von Kluck's army began the bombardment of Maubeuge on August 20, and continued it for seven days. The Germans hurled a hurricane of shells on the city. General Fournier's garrison consisted of 40,000 men, and on the day of General Fournier's capitulation, September 7, by the irony of fate, Marshal Joffre cited him in army orders until a few days later the war would have been cleared. According to the French Military Code, the death penalty is inflicted on commanders of fortresses who surrender without first exhausting every means of defense and without having done everything prescribed by duty and honor.

## POST TOASTIES

GRANGE WORKERS  
GIVEN FAREWELL

Mr. and Mrs. W. D. Tallman of Clintondale Organization to Move Near Poughkeepsie.

The members of Clintondale Grange, No. 957, met at the home of Miss Josephine Ernst, worthy Flora, on the evening of November 22, in honor of Mr. and Mrs. W. D. Tallman, worthy secretary and worthy Pomona, Mr. and Mrs. Tallman and daughter, Miss Evelyn, are leaving for a new home across the river, near Poughkeepsie, and Patrons of Clintondale Grange took this opportunity of wishing them God speed.

Mrs. G. E. Hurd explained the situation by reading the following verses which she had written for the occasion:

Listen Patrons! Now draw ye near  
I'll tell you why we all met here,  
Why we have brought from out our store  
Sandwiches and cake and good things more.

It is not our intention, as you know  
To let a Patron hungry go.  
Brother Tallman, as you may know,  
Is going away a mile or so,  
Brother Tallman and his good wife  
Grew weary of their strenuous life,  
So looking forward in a golden dream  
They saw at last a welcome gleam.

Of the rest they mean to take,  
Of new friends they mean to make.  
Over the river they will go,  
Bought a place for weal or woe,  
Burned their bridges as they say,  
Are going to leave some sad day.  
We're sorry our secretary did start,  
But all good friends must sometimes part.

Most faithfully he did his work,  
Nor ever did our sister shirk  
From any task, though great or small  
And cheerfully did help us all.  
Their is the gain. The loss is ours,  
May happiness fill all their hours!  
May shadow and bright sunshine blend  
In rainbow colors at the end!

And when they finish work at last,  
And find the many dangers past,  
May they have rest and justly won  
Worthy plaudits of "Well Done!"

Past Master J. W. Weaver then spoke of the long and faithful service of both Brother and Sister Tallman in Grange work. Brother Tallman has been master and secretary and Sister Tallman has filled many places in the local Grange. Both have been active in the Pomona and served as officers there; and Sister Tallman is Worthy Flora of the State Grange. Brother Weaver also dwelt on the pleasant and helpful relationships with Brother and Sister Tallman as neighbors and friends for over twenty years; and then with a few well chosen words presented them on the half of the Grange with an electric lamp that their lives may shine as brightly in their new home and community as they have here.

The master of the New Palitz Grange who was present was next called on for a speech and following this lunch was served as only "Grange folk" know how to serve, and a social hour was enjoyed. It is a splendid thing for Patrons to get together and compare experiences and exchange ideas and make friends and our members enjoyed the evening to the utmost.

After expressing our appreciation of Sister Ernst's hospitality and wishing Brother and Sister Tallman and daughter happiness, long life and prosperity in their new home the evening ended.

TAXPAYERS PROTEST  
Against Increased Telephone Rates  
—Want Public Hearing.

At a meeting of the Taxpayers Association of Kingston, N. Y., the matter of the increase in telephone rates scheduled to go into effect December 1st was taken up. The report to the association was that thirty cities had agreed to take united action in fighting the proposed increase in telephone rates filed with the Second District Public Service Commission to take effect December 1, at a conference held at Albany, and that practically every one present spoke against the proposed increase in rates and that the position was taken that so far the company had given no adequate reasons and that these present had to be shown that the company must have more money before they will withdraw their fight on the new schedule.

The Taxpayers Association also believed that a public hearing should be had before the Public Service Commission, so that all people affected, could have had an opportunity to be heard, before a new schedule allowing the telephone company to raise its rates was permitted to go into effect.

## IN THE THEATERS.

"The Lady in Red" K. O. H. Attraction This Evening.

It has been generally acknowledged that "The Lady in Red" which will be the attraction at the Kingston Opera House Tonight is a musical piece of the best modern type. "The Lady in Red" was seen for the first time at the Lyric Theatre, New York, last season, and despite the very unusual competition of the time, served to fill the theatre for several months. This offers a lively promise of a very unusual evening's entertainment.

"The Lady in Red" is in two acts, the locale being Palm Beach and the Bohemian quarter in New York. The story is one that lends itself capably to fun and frolic, song and dance.

"La La Lucille," the much talked of musical farce which was such a conspicuous success in New York will be presented at the Kingston Opera House on Monday, matinee and night. No musical offering in recent years has been more favorably received by New York than this fast-moving play by Fred Jackson who has gained fame as the author of "The Velvet Lady," "The Naughty Wife" and "A Pull House." The music is by George Gershwin, lyrics by Arthur Jackson and B. G. de Silva.

Major Warwick, war hero, actor and motion picture star, scored a triumph in his first Paramount-Artcraft special picture, "Secret Service," a picture of William Gillette's famous stage success. This production will close at Keener's tonight. On Monday Pauline Frederick will be presented at Keener's Theatre tonight in her newest Goldwyn production, "The Peace of Roaring River."

## Ruskin's Eloquent Plea.

I do not understand the feeling which would arch our own gates and give our own thresholds, and leave the church with its narrow door and foot-way still; the feeling which excludes our own chambers with all manner of cleanliness, and endures the bare wall and mean compass of the temple. I say this, emphatically, that the tenth part of the expense which is sacrificed in domestic discomforts and inconveniences, would, if collectively offered, build a church for every town in England; such a church as it should be a joy and a blessing even to pass near to; and daily ways and walks, and as it would bring the light into the eyes to see from afar, lifting its fair height above the purple crowd of humble roofs—Baskin.

ANOTHER NOTE  
SENT TO MEXICO

The boys will visit Middletown Council, December 12, working the initiatory degree at the request of the Grand Council of New York state.

## SEIZE MARLBORO WINE.

Waterbury Police Say It Is The Real Thing.

By Telegram to The Freeman.  
Waterbury, Nov. 29.—A badly scared youth of 19, hailing from the vine clad slopes of Marlborough-on-Hudson, was taken to court in Torrington, near here, on a charge of illegally selling liquor.

He is Joseph Davocchia and ten barrels of perfectly good wine were captured by the police. It is alleged, Joseph had driven across Dutchess county with his alluring load, and he was selling it by the gallon. It is alleged along Center street, Torrington, to the great delight of the inhabitants, when he was nabbed.

The police now have the wine in their station house. They declare it is the real thing.

## SKY ONLY LIMIT FOR NEWSPAPERMEN.

## HERE IS ONE WHO BECAME A BISHOP

Rt. Rev. Charles Sumner Burch, for Thirteen Years an Editor, Now One of Joint Commission Directing Nation-Wide Campaign.

Out of the noise and tension of editorial rooms, newspapermen have gone to positions strangely contrasted to those they left.

Here is one who left the editorial desk to achieve a bishop's robes.

For 13 years he was Charles Sumner Burch, newspaper editor of Kansas City and Detroit. Today he is the Right Rev. Charles Sumner Burch, Episcopal Bishop of New York.

Formerly his words went from the typewriter to the composing room and so to the columns of the dailies, to help mould public opinion. Now they go out to the members of the Episcopal Church in the Diocese of New York, and beyond, helping to inspire the Church to meet the responsibilities which the day of reconstruction has laid upon it.

For when the supreme body of the Church, the triennial general convention, met recently in Detroit—the city where the Bishop of New York once turned out "copy" for the press—it appointed him to the Joint Commission which, with the authority of the entire Church behind it, is directing the \$42,000,000 Episcopal Nation-Wide Campaign by which the Church plans to expand its work in every field and play its full part in building a new order out of the present chaos.

Bishop Burch saw—perhaps with the old "news sense"—the importance of the Nation-Wide Campaign from the first.

"Providence," said he, in his first pastoral address to the Diocese of New York, following his elevation to the bishopric, "has furnished us, at the beginning of our new mutual relationship, with a task worthy of our highest powers."

SKY ONLY LIMIT FOR NEWSPAPERMEN.  
HERE IS ONE WHO BECAME A BISHOP

Rt. Rev. Charles Sumner Burch, for Thirteen Years an Editor, Now One of Joint Commission Directing Nation-Wide Campaign.

Out of the noise and tension of editorial rooms, newspapermen have gone to positions strangely contrasted to those they left.

Here is one who left the editorial desk to achieve a bishop's robes.

For 13 years he was Charles Sumner Burch, newspaper editor of Kansas City and Detroit. Today he is the Right Rev. Charles Sumner Burch, Episcopal Bishop of New York.

Formerly his words went from the typewriter to the composing room and so to the columns of the dailies, to help mould public opinion. Now they go out to the members of the Episcopal Church in the Diocese of New York, and beyond, helping to inspire the Church to meet the responsibilities which the day of reconstruction has laid upon it.

For when the supreme body of the Church, the triennial general convention, met recently in Detroit—the city where the Bishop of New York once turned out "copy" for the press—it appointed him to the Joint Commission which, with the authority of the entire Church behind it, is directing the \$42,000,000 Episcopal Nation-Wide Campaign by which the Church plans to expand its work in every field and play its full part in building a new order out of the present chaos.

Bishop Burch saw—perhaps with the old "news sense"—the importance of the Nation-Wide Campaign from the first.

"Providence," said he, in his first pastoral address to the Diocese of New York, following his elevation to the bishopric, "has furnished us, at the beginning of our new mutual relationship, with a task worthy of our highest powers."

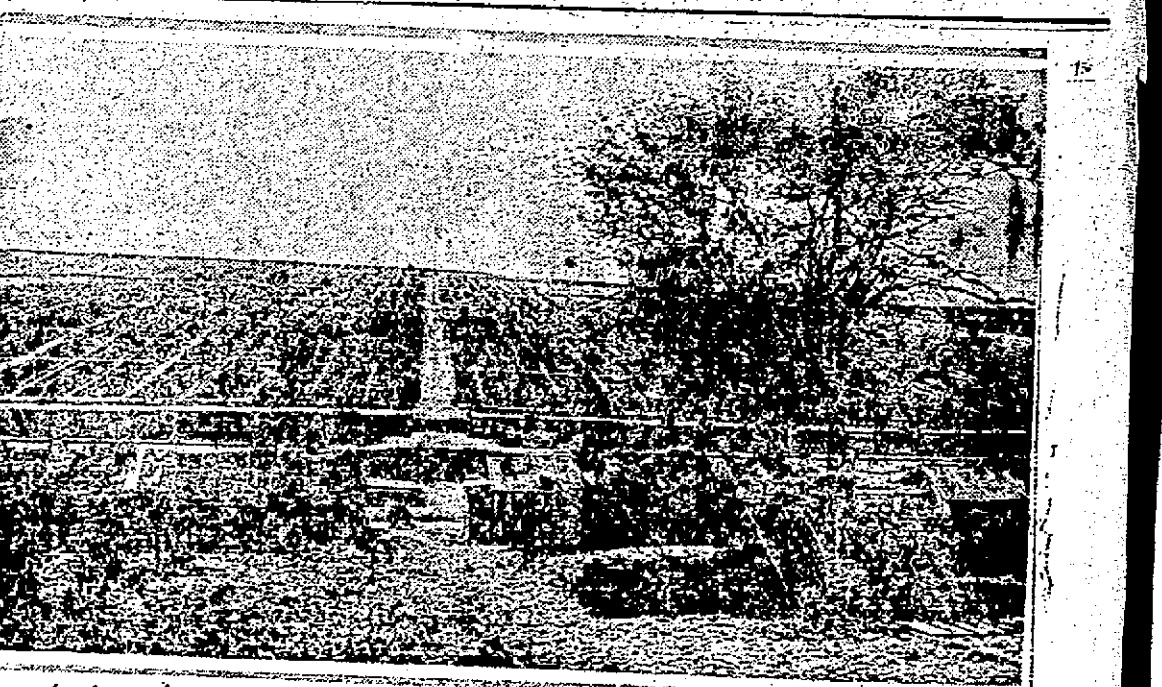

The Nation-Wide Campaign is intended to reach and touch the life and purpose of every man, woman and child connected directly or remotely with the Church's existence. If the Church of Christ is to hold fast to and conserve the great spiritual values won through the heroic sacrifices willingly offered by our brave men and boys in the world's most tragic war, it must awaken in each man a keen sense of his individual responsibility for conserving these values.

Austrian women being fed at one of the American Relief Committee's soup kitchens, which dot the city of Vienna. The food situation in the Austrian city is such that even the wealthier classes are unable to buy necessities. The American kitchens daily feed thousands of women and children of the city.

## MAN FLEW TO FUNERAL

Traveled 154 Miles in 80 Minutes After He Had Missed Train.

Unable to make a train from Marshall, Tex., that would get him to St. Louis, Mo., in time for the funeral of his brother-in-law, Isaac Marcus died an aviator and an aviator and flew 154 miles to Little Rock, Ark., where he boarded a train for St. Louis, arriving before the services. The flight was made in one hour and twenty minutes.

## Here's a Mix-Up.

A resident of this city, a Toronto paper reports, appealed to the morality department of the local police to release him from having to live with his wife because of domestic unpleasantness. He told the police the following remarkable story: He married his present wife's daughter several years ago. While he was living with his first wife his own father married his wife's mother, making her his mother-in-law and stepmother. His father died, leaving his wife in the old country. The son brought her to Toronto and married her. They were not living together any length of time before both of them quarreled and could not get along.

## Ginseng.

Ginseng is a plant of the genus Aralia, which is highly valued as a tonic and stimulant by the Chinese, who use it in almost unnumbered quantities. The Manchurian is most renowned, and sells for several times per ounce, or Chinese ounce. The true ginseng is a native of northern China and Korea. A quinquifolia is a very close ally of ginseng, and its roots have been largely exported to China as a substitute for the true ginseng. The only medicinal effect in either case is that of a mild, automatic stimulant. Beware, ginseng, the Aralia trifolia, is a new species of the United States, with a globe-girdling root.

## HOW TO CUT YOUR CHRISTMAS TREE

College of Forestry Gives Advice in Order That Growing Forests May Not be Damaged.

To see every home in New York state gladdened by a Christmas tree is the hope of the New York State College of Forestry at Syracuse, but in order that this may be done without damage to the growing forests of the state, the college is offering to give advice on the proper cutting of the holiday tree.

The growing young forest should not be slaughtered to provide holiday greens, but proper forest development and planting will provide enough trees for the entire state from the proper thinning of the plantations. When trees have been planted and allowed to grow for a few years the time comes when there should be a thinning of the young growth to allow the better trees to progress more rapidly toward the time when they will be suitable for pulp wood or lumber.

The young tree in the forest is worth much to the paper and pulp industry which is striving to protect its \$90,000,000 capital investment by growing new forests, but it is preducible and profitable under proper forestry conditions to produce Christmas trees from these same plantations. It is to help bring about such conditions that the College of Forestry at Syracuse is offering to assist in the Christmas tree industry.

Greater New York alone consumed nearly \$2,000,000 worth of trees a year, but if this were converted into acres of forest it would mean the denuding of thousands of acres of potential forest land.

New York uses annually over 700 millions of trees, with about 2,000 trees to the railroad ties in past years ranging up to \$100 a car of point of delivery. Retail prices have of course been far higher and will back all previous records this year.

## This Red Cross Christmas Seal Baby Believes in Santa: Daddy Draws Him

Introducing Mr. Ernest Hamlin Baker and an unknown young lady, model whom we strongly suspect of being Miss Baker.

The artist (the larger figure wearing a smock and necktie) is the designer of the 1919 Red Cross Christmas Seal.

This cheery little sticker which makes its annual appearance just before Christmas is the symbol of the fight against tuberculosis, for it is from the sale of this seal that the National Tuberculosis Association is chiefly financed.

The seal design this year is a particularly happy one, that of a genial faced Santa Claus, with his pack clearly outlined against a blue sky.

Mr. Hamlin came down from Poughkeepsie to the Big Town with his wife, \$250 of borrowed money, a college education, two years' experience newspaper cartooning and art knowledge acquired in a \$15 correspondence course, to quote his own words.

**ROSENDALE**  
Rosedale, Nov. 28.—The ladies of the Baptist Church are preparing to hold a supper and their annual fair at the church parlors on December 12.

Mrs. Leon Konkin, who was a guest of her parents Mr. and Mrs. John Christians, the past week went to Newburgh on Sunday.

John Olliv, one of our village's famous hunters, had the good luck to shoot two fine foxes the past week. One was a red and the other a gray fox. Mr. Olliv was some proud man when he returned home with these two fine pelts.

Despite the very stormy evening a large number of our village folk turned out to the chicken supper given by the ladies of St. Peter's Church in the hall on Wednesday evening.

Miss Viola Moore has been confined to her home a few days the past week by illness.

Mrs. Delores Hayden, who is teaching school at Rahway, N. J., spent Thanksgiving with her mother Mrs. Rose Hayden, in this village.

Miss Schmitt and little Julia of Brooklyn are guests of Mrs. Julia Geoffrey at the "Stanhope."

Mr. and Mrs. Alfred Bulmer of Dutchess county spent Thanksgiving with Mr. Bulmer's grandmother, Mrs. Mary A. Ackerman on lower Main street.

Charles Hernandez, who is employed at Hoboken, is visiting his parents in this village.

Rev. Edward Higgins, rector of St. Peter's Church is spending a few days with friends in New York city.

Mr. and Mrs. John Olliv entertained a number of their friends at dinner on Thursday.

Mrs. Simon Myers and Miss Minnie Myers of Kingston spent Sunday with relatives in this village.

William Quinn of New Jersey brought the remains of Charles Elmendorf, a former resident of this village who died in New York city the past week here on Monday and interred them in the Plains cemetery.

Miss Mary Ten Hagen spent Sunday with Mr. and Mrs. John Osterhoudt at Walden.

William B. Snyder Jr., who is attending school at Troy, is home for the holiday vacation.

Mr. and Mrs. Harry Ten Hagen and Mrs. Charles Ten Hagen spent Sunday with Miss Fannie Ten Hagen and brother.

Mrs. Philip Driscoll is visiting relatives in Poughkeepsie. She expects to be absent several days.

Mrs. Harry West will lead the Sunday evening meeting at the Reformed Church. Let everybody who can come out, and be prepared to help in these meetings which we all trust may prove helpful and instructive.

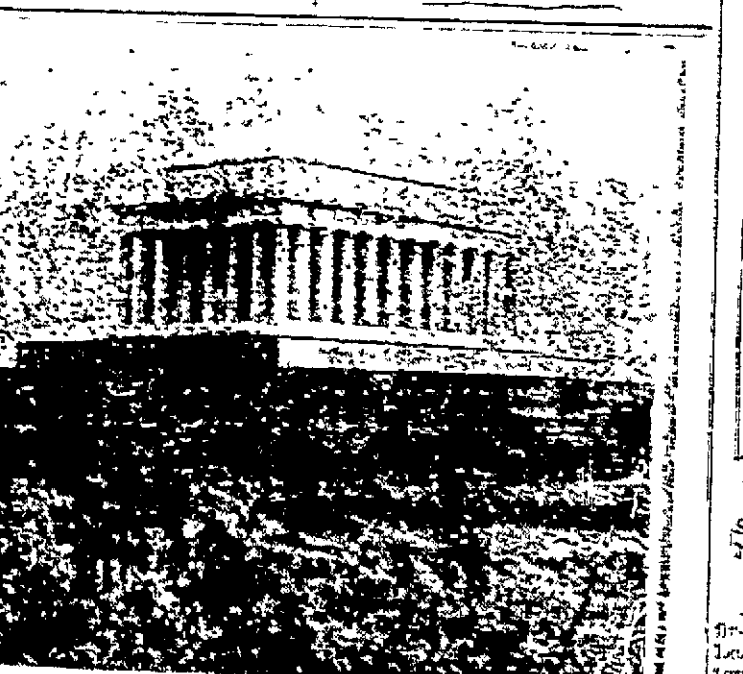

Mrs. Kate Wright is spending Thanksgiving and the week end with her son John, in New Jersey.

Mrs. Elizabeth Foster was called to New York city on Friday last on account of the death of her sister.

Although the night was dark and stormy on Tuesday a few of our village brave ones ventured out to Mr. Sam's parish house to attend the social for the benefit of the Farm Bureau. Mr. and Mrs. Harry V. Ten Hagen rendered some fine instrumental and vocal music which was greatly enjoyed by all present after which refreshments were served and a social time had by all present. Nearly \$10 was received for the benefit of the bureau. Much credit is due each one who helped to make this affair a success.

William Bullis of Brooklyn spent the week end with his children and mother-in-law, Mrs. Susan Lafora in this village.

**Where Some Men Fail.**  
Nowhere, some men give so much attention to their principles they don't have time to do real work.—Dallas News.

The state's Lincoln Memorial which is under construction in Washington, D. C. is rapidly nearing completion. The memorial, which costs \$2,000,000 and occupies the beautiful Potomac river, and can easily be seen from Arlington or any of the high bluffs surrounding the capital. The memorial is a tribute to the nation's greatest leader and will be one of the show pieces of the nation's capital.
